

## Vabilo na seminar

*'Using UV/VIS/NIR spectroscopy for a broad range of liquid and solid samples'*

### *Program:*

- 08:50 Registracija udeležencev
- 09:00 Pozdrav udeležencem. Perkin Elmer v Sloveniji (Gregor Kovač)
- 09:10 Choosing the correct UV/Vis or UV/Vis/NIR spectrophotometer for "YOUR" application (dr. Davide Fracasso)
- 10:00 High performance UV/VIS/NIR systems for advanced analysis using accessories that provide the most convenient and flexible approach to sampling (dr. Davide Fracasso)
- 10:30 Odmor za kavo, sok
- 11:00 Real life material characterization using PerkinElmer spectrophotometers: An overview of different applications (dr. Davide Fracasso)
- 12:30 V živo: Predstavitve novega dvožarkovnega UV-VIS inštrumenta Lambda 365+
- 13:00 Kosilo
